Dear Doctor

RE: The Pet Dog Ambassador Program presented by the Pet Professional Guild

If you are reading this letter it is because the person who presented it to you has registered to participate in the Pet Dog Ambassador Program (PDA), offered by the Pet Professional Guild and its international chapters.

As part of this whole program that teaches dogs and their people to be responsible citizens, health care of their dog is very important. We need to know that candidates' dogs are being cared for appropriately.

Your completion of the accompanying short form would be appreciated.

Should you want further information about this program, do not hesitate to contact the program's administration office by email at info@petdogambassador.com

Sincerely

The Organising Committee
Pet Dog Ambassador Program
Pet Professional Guild
